Test Preparation Classes & Practice Tests

Last Chance

Last Chance

Test preparation classes taught by Rose-Marie Janesz, President of Test Preparation & Tutoring Services, serve nearly 1,000 elementary school-aged children per year. Her proven strategies and techniques have increased student's HSPT and ISEE test scores as much as **10-25 national percentage points** receiving hundreds of thousands of dollars in scholarships!

Most area private high schools now offer **4-year renewable, scholarships** worth **thousands of dollars** based on placement test scores, and nearly all use placement test scores for **honors "track" placement and admission.**

During test preparation classes, your 8th grade student **will learn** test taking and elimination strategies, advanced math content, time management techniques and how to handle test anxiety. Additionally, they **will receive** a test taking manual, study guides, vocabulary lists and full practice tests. During practice test sessions, students will take a full practice test, and parents will receive an immediate score report.

If you are interested in this exciting opportunity for your child, please fill out the bottom portion of this flyer and mail with payment to:

(If you have any questions, please contact **Rose-Marie** at 216.375.6951 or rjanesz@aol.com).
